

Dear parents/guardians,

We have recently invested a considerable amount of money in a new online Maths platform called Freckle.

We are confident that the Primary 4-7 boys are going to love using it and we know that it will have a positive impact on their Numeracy skills.

As they will be largely accessing Freckle from home, they will be bringing home the information sheet (attached below) tonight which will help you to get them logged in and will give you an opportunity to see what is involved and how it operates.

Freckle can be accessed on a tablet, PC, laptop or phone but please speak to your child's teacher if you are having difficulty with accessing Freckle due to issues with a device, logging in or with WIFI.

The boys will have an extra slot in the I.C.T suite to use Freckle and we are hoping to introduce a compulsory Thursday night Freckle homework in Term 3, so want to help with any issues you may be having ASAP.

Thank you,

E Bennett

(Numeracy Coordinator)

# How-To Login Students

Follow the instructions below to login students.

## 1 Visit: [student.freckle.com](http://student.freckle.com)

This is where students will login everytime

A stylized illustration of a web browser window. The address bar contains the text "http://student.freckle.com". To the left of the address bar are three small, light gray circles representing window control buttons. The background of the browser window is a light gray gradient.

## 2 Enter Class Code

Every student's password is the class code below:

A light blue rectangular input field with a thin gray border, set against a light gray background. It is intended for entering a class code.

## 3 Enter Student Username

Student username is their first and last name

Two light gray rectangular input fields with rounded corners and thin gray borders, positioned side-by-side. The left field is labeled "First Name" and the right field is labeled "Last Name". Both fields are currently empty.
